The Archery Way

Competing with Honesty and Integrity

As archers, we strive to shoot our best while competing with integrity. Honesty is an expectation, sportsmanship and composure, an obligation. We encourage others and understand our responsibility to self-officiate and protect the field with an overall goal of bringing the archery way into everyday life.

NASP® TOURNAMENT SANCTIONED RULES & PROTOCOLS

National Archery in the Schools Program (NASP®) National Rules are the governing rules for the Western and Eastern National and Open Championship tournaments. NASP® states within the United States and other NASP® countries have the freedom to manage their programs within these rules. Although the NASP® National Rules are the minimum guide for states and countries to follow, each state or country may add to or increase the NASP® rules to fit local requirements. Standard safety protocols and operating principals create a familiar field for NASP® students, so they are prepared and understand what is expected at each NASP® event.

New for 2020: Except for inconsequential language edits, rule changes are in yellow highlights.

- The NASP® logo is a registered trademark and may only be used on t-shirts, banners, or any other items, with written permission from NASP®.
- Teachers/Coaches must indicate their commitment for meeting the annual in-school teaching requirement before registering archers for any NASP® tournaments. The method for agreeing to this will open on nasptournaments.org on October 1st.
- Remember to enroll your student archers as Academic Archers, **before April 1**. The Academic Archer program operates by local criteria for academic recognition. Participation is a local decision and in accordance with existing local school policies. <https://www.naspschools.org/opportunities/academic-archer>
- **Attending National tournaments: Western National:** Beginning in 2020, there will be a tier system implemented opening registration to states West of the Mississippi first. Registration for States East of the Mississippi will be in a later tier.

1. NASP® Participation - All State, Provincial, and National Tournaments/Championships

To maximize the number of students who will discover their aptitude and interest for archery, NASP® is an in-school program. Because of this 77% of NASP® students first shot archery while taking lessons at their school. NASP® emphasizes team participation in order to maximize the number of students who will participate and to promote positive social interaction among students and faculty.

NASP® safety protocols must be followed by NASP® schools and teams to preserve the experience for current and future students.

1.1. In School Requirement - Every archer must attend a public, private, charter, magnet, or home school that conducts NASP® lessons during normal school hours.

1.1.1. NASP® lessons must be conducted as part of the in-school curriculum, a minimum of 10 hours per school year.

1.1.2. In-school lessons are the priority in NASP®. Ideally these lessons should be thorough enough for the student to enjoy a safe and motivational experience.

1.1.3. Examples of how this might occur include:

1.1.3.1. At least 10, different archery classes of 1 hour each – daily for 2 weeks, twice weekly for 5 weeks, etc.

1.1.3.2. 5 classes per day of 1-hour each, for 2 different days.

1.1.4. When surveyed, NASP® schools report teaching NASP® archery 1-8 weeks during the school year.

- 1.1.5. When a school meets or exceeds this minimum, even if not every student in the school takes the archery class, EVERY student in the school is considered eligible for NASP® tournaments. It is expected that even those who do not take the in-school instruction, will be provided safety and shooting form instruction, if they join the FOLLOW-UP archery club or team before they attend a NASP® tournament.
- 1.1.6. Prior to participating in any NASP® competitions during a school year, the head coach for a school's team (or other coach associated with the school for tournament purposes) will be required to log in to the School Manager for the school. This coach will be required to acknowledge that they understand the in-school teaching requirement and commit to making sure that the requirement is met. (In addition, Kentucky requires a Principal verification letter to be submitted at the regional tournament along with verification that all student waivers have been signed and collected by the coach. Principal Verification and Student Waiver documents are located at <http://fw.ky.gov/Education/Pages/NASP.aspx>)
- 1.1.7. Classroom lessons must include at least the following subject material:
 - 1.1.7.1. Determine eye dominance
 - 1.1.7.2. String Bow® used to teach Eleven Steps to Archery Success®
 - 1.1.7.3. Safety Orientation and shooting of bows and arrows on a NASP® range.
- 1.1.8. After-school-only archery programs or clubs are ineligible.
- 1.2. **Definition of NASP® School** - A NASP® school is one that adheres to the training, equipment, and safety requirements and protocols followed by NASP®.
 - 1.2.1. School lessons must be presented by NASP® certified faculty or volunteers.
 - 1.2.2. At least one coach of the team must be NASP® certified. (Kentucky requires all coaches working with Kentucky schools to be NASP® BAI certified)
 - 1.2.3. Only NASP® certified teachers or coaches may register student archers for tournaments.
 - 1.2.4. Equipment requirements and range protocols must be followed.
 - 1.2.4.1. Only the standard Genesis bow & Easton 1820 arrows may be used during NASP® class or on a NASP® range.
 - 1.2.4.2. NASP® range specification and design must follow training provided in the NASP® Basic Archery Instructor's course.
 - 1.2.4.3. Failure to follow these protocols make the school ineligible to participate in NASP® tournaments. Failure to follow safety protocols such as bows, arrows, and curtain use, may also result in de-certification of the NASP® certified teacher or coach.
- 1.3. **Divisions within NASP® Schools** - A 'school' (except Home Schools – see 1.4 below) for the purposes of participation in NASP® tournaments is a building or set of buildings on the campus where students at that school attend.
 - 1.3.1. For instance, a high school may have 9th grade and 10th-12th grade students on the same campus but in different buildings. This is one school.
 - 1.3.2. In another school all students K-12, 6-12, etc. may be in the same building or buildings on the same campus. This is one school.
 - 1.3.3. If schools with similar names but at separate address such as the 'North Middle School and North Elementary School' even if in the same district, they are separate schools and may not mingle shooters on teams.
 - 1.3.3.1. Except: If elementary grades (4th & 5th) are not in the same school the schools where the two grades are found may combine students to form elementary teams. Example: this could be a school with K-4 and a school combining with a 5-8 or 5-12 school.
 - 1.3.3.2. Except: If middle school grades (6-8) are not in the same school the schools where the three grades are found may combine students to form middle school teams. Example: this could be a K-6 school combining with a 7-8 or 7-12 school.
 - 1.3.3.3. Except: If high school grades (9-12) are not in the same school the schools where the four grades are found may combine students to form high school teams. Example: this could be a school with 9-10 combining with an 11-12 school.

- 1.4. **Homeschool** - A student who is homeschooled may only participate if the homeschool has enrolled in NASP® and provides NASP® archery lessons by a NASP® certified instructor. This also applies to other schools that are without buildings or campuses, such as certain “virtual” schools.
- 1.4.1. If a local homeschool **group** meets for classes such as math, English, science, physical education, **plus** NASP® instruction, the students from that homeschool group can join together to form an archery team if approved by the State NASP® Coordinator. **The term group is key here. Being part of a group of home schoolers suggests there may be enough student archers all taking school together to form a team of 12-24 students.**
- 1.4.2. The homeschool group must contact their State NASP® Coordinator to inform the Coordinator of their intent to form a NASP® archery team. State Departments of Education maintain lists of public and private schools that coordinators can use to determine valid schools. Homeschool groups are not included on these lists. This will allow Coordinators to validate and be aware of the homeschool groups and their NASP® archery teams.
- 1.4.3. If a student is not a member of a homeschool **group** that meets for school lessons other than archery, the student can still participate as an individual, but not as a part of a team. **We consider this the typical homeschool family where there likely will not be enough archery students in the family to form a NASP® team of 12-24 student archers. Multiple families may not combine their archery students into a team because the families are not a formal homeschool group.**
- 1.4.4. A homeschool school name must include the word “Homeschool” in the name.
- 1.4.5. The homeschool group must present the NASP® lessons (as described in section 1.1.) as a portion of an in-school classroom curriculum, such as in Physical Education. To meet the same requirement as public schools the lessons should include students that are not on the archery team, where possible. If Physical Education is not offered, NASP® lessons could be included in Math, Science, or any other in-school class curriculum.
- 1.4.6. EXCEPT: Some home-schooled students receive Physical Education from public or private schools.
- 1.4.6.1. If the home-schooled student receives NASP® lessons while attending classes, **such as physical education,** at a NASP® public or private school that student may participate for the home school or the school where the archer receives NASP® classes IF the schools agree.
- 1.4.6.2. The home-schooled student is ineligible if archery lessons are after-school only.
- 1.5. **Eligible grades** - Only students who are in grades 4-12 by the date of the tournament may participate.
- 1.5.1. A student at a NASP® school who has graduated early during the current school year may, at the discretion of the school Principal, participate.
- 1.5.2. A student who no longer attends a NASP® school due to having moved, promoted, etc. is ineligible to participate in this tournament until/unless the student’s new school joins NASP® and may then only represent their NEW school.
- 1.6. **Number of archers per team** - NASP® archery teams must contain 12-24 students, at least 4 of which must be of the opposite gender.
- 1.7. **Single Gender School** - If a school is single gender school, the school **shall** compete as a single-gender-only school unless eligible to combine with another school under the small school rule (section 1.8). The coach should contact the State Coordinator for their state to set the single gender indicator for the school. Once set, the team score for the school/division is determined by summing the top 12 scores for the team with no consideration of gender.
- 1.8. **Small School** - If a competitive division within a NASP® school (Elementary 4th, 5th, Middle 6th – 8th or High School 9th – 12th) has a total student enrollment of less than 150 students, the team for that division may add students from another competitive division within their school or from a competitive division at another NASP® participating school in the same city, county, or school district. **(Kentucky will allow two schools with fewer than 150 NASP® eligible students to combine to create a single competitive team within the same city, county, or school district. A small school may combine divisions until they reach 150 NASP® eligible students to create a single team.)**
- 1.8.1. The team may continue to add students from other divisions within their school or from divisions at other participating NASP® schools in the same city, county, or school district (one school/division at a time) until a total student enrollment of 150 is met or exceeded.
- 1.8.2. A competitive division within a school with 150 students (or more) enrolled may not add archers to their team from another school or division within their school.

1.8.3. If a student shoots up for a higher division team (as allowed by 1.8. above), that student will be competing for team rank in that older division but retain individual rank according to the archer's actual grade.

1.8.4. Unless utilizing this "small school rule", students may only shoot on a team at the NASP® school they attend.

1.9. **Competitive divisions** are Elementary: 4th-5th, Middle: 6th 7th & 8th, & High: 9-12 grades.

1.10. NASP® is a school program. If a school administration deems a student unsuited to represent the school, NASP® will abide by the decision. Ineligibility generally occurs when a student has been disciplined or for academic reasons.

1.11. If a student archer is disqualified for cheating at a provincial, state, or regional tournament, the student is ineligible to participate in any NASP® competition until such time the student has regained good standing in his or her state or province. The NASP® coordinator would alert the national office of such disqualification.

2. Kentucky NASP® Regional and State Tournament Registration Protocols

2.1. In addition to # 1.1 - 1.11. above.

2.2. There is no minimum number of students from the qualifiers or regional tournament roster required for the State roster. Team size remains 12-24 students with at least 4 of the opposite gender (unless the team is a single gender school).

2.3. Substitutes for the State rosters may be students that did not participate in the qualifiers or regional tournament but they must be from the same school and in the same division. **Only schools that meet the requirements of the small school rule in section 1.8 may have student's shoot-up in a different division.**

2.3.1. Individuals must shoot in their actual division for National, Open or Championship unless the school meets the requirements specified in 1.8.

2.3.2. If a school sent multiple teams to the state or provincial tournament they may recombine archers from these teams for nationals. **Not applicable to entire school districts/systems. (Kentucky allows multiple teams to participate at regionals. Only one qualifying team per division per school will participate at State.)**

2.4. Registration for these tournaments will be handled through the nasptournaments.org website.

2.4.1. Each region will hold three region divisional tournaments (elementary regional, middle school regional, and high school regional) Individuals shooting up due to utilizing the small school rule will not be eligible for individual awards in their age division regional. Students may not participate in two separate regional tournaments.

2.4.2. The top 110 teams in the elementary division, top 110 teams in the middle school division, and the top 110 teams in the high school division from the final team standings will be invited to register. The top 100 ranked individuals per gender, per division, will also be invited. If the individual's school team is advancing to state, they will shoot with their team. Otherwise, they will register as an individual. Additional teams and individuals may be invited after registration closes based on flight position availability and national qualifying scores.

2.4.3. Pre-Registration for the tournament will begin at 8:00 AM ET on Tuesday, February 3rd (teams ranked at this time from 1 to 110 are encouraged to pre-register) ***Remember we will be piloting the automated flight selection software at this tournament.** You will be asked to select your preferences from high to low as you pre-register.

2.4.4. Final team standings will be posted by 6:00 PM ET on 2/24/19 at www.fw.ky.gov/nasp this will include a state ranking of individuals from the regional tournament scores.

2.4.5. Individual rank list will include individuals on teams. Only those individuals that are not part of an advancing school team will be allowed to register as an individual. All others must register as part of their advancing school team.

2.5. Flight selection for the state tournament will be as follows:

Flight selection for the tournament will be automated for teams based on preferences listed during the pre-registration process. Teams will have a limited time to make adjustments to assigned flights during the following tiers:

2.5.1. Teams that finish in the top 25 in their division can make adjustments at – 6:00 PM ET on 2/26/20.

2.5.2. Teams that finish 26 – 50 in their division can make adjustments at – 6:30 PM ET on 2/26/20.

2.5.3. Teams that finish 51 – 75 in their division can make adjustments at – 7:00 PM ET on 2/26/20.

2.5.4. Teams that finish 76 – 110 in their division can make adjustments at – 7:30 PM ET on 2/26/20.

- 2.5.5. Individuals ranked in the top 100 per gender/per division (they must register as part of their team if their team advances) – 8:00 PM ET on 2/26/20.
- 2.5.6. National qualifying invitation teams (if space allows after team registration, the next schools ranked will be invited based on National Qualifying Scores. Elementary 2500 or more, Middle 3000 or more, High 3100 or more) these teams would register beginning – 5:00 PM on 2/27/20
- 2.5.7. If space allows, Individual rankings beyond the top 100 will be reconsidered for special invitation. Please check www.fw.ky.gov/nasp for a "Special Invitation" message to be posted by noon on 2/27/20. If space allows, special invitation individuals will register starting at 7:00 PM on 2/27/20
- 2.5.8. Registration/flight selection for the tournament will close at 5:00 PM ET on 2/28/20.

3. **Equipment - Only equipment specified for use in NASP® may be used in the tournament.**

NASP® equipment has been selected to be as universal-fit as possible to make administration of the program most suitable for in-school teaching. The program would be too complicated if multiple bows, arrows, and accessories were allowed. Tournaments follow in-school program design as closely as practical.

3.1. If after the 10-meter practice end begins an archer is found to be using disallowed equipment, the archer is subject to disqualification.

3.2. Archers are to be at their assigned area 15 minutes prior to their flight times, with their equipment ready.

3.3. **Bows:**

3.3.1. Only the stock (original) unmodified Genesis™ bow approved for NASP® may be used, **except for allowances described below.**

3.3.2. **When called by the announcer** archers will place bows on racks for inspection. Once inspected, the bow must remain on the range unless a repair is needed and approved by a lane official.

3.3.3. The Genesis Mini, Pro, and GenX are disallowed for use in NASP®.

3.3.4. The bow's axle-to-axle length, measured from the center of each axle must be no shorter than 35.25".

3.3.5. The bow's grip must be in place and unmodified. Changing the shape by removing material or adding material, including tape would be a disallowed modification. The grip may be painted for personalization. However, paint used must be "color only". The use of paint with added texture material or paint that dries with a multi-texture finish (including but not limited to those designed as bed liner material) is disallowed.

3.3.6. Only tied on or heat shrink nock locators may be used.

3.3.6.1. There may be up to one nock locator above and below the arrow nock.

3.3.6.2. If using two nock locators, the gap between them must be $\leq 1-1.5$ nock widths. The archer must nock the arrow between the 2 nock locators.

If 2 nocking points, the arrow nock must be placed between them.

3.3.6.3. If using one nock locator, the archer must nock the arrow below and touching the nock locator.

3.3.6.4. If desired, a tied-on nock locator may be used directly above and against the original shrink tube locator that comes on the bow to maintain its position, as a quick or temporary fix. **(note: the white shrink tube locator is meant to be temporary. It will eventually move and should be replaced by a tied nock locator)**

3.3.6.5. Brass nock locators are prohibited for safety reasons.

3.3.6.6. Instructions for tying on a nock locator are available @ www.naspschools.org

3.3.7. The bow must be sight and sight-mark free.

3.3.7.1. Tape, paint, or "sharpie" to cover sight marks will be applied to the face of the sight window at a point starting at the top of the bow's grip and running at least 6" up the face of the sight window towards the

top limb. Any tape used must be a single piece of tape applied vertically and shall not be wrapped around the sight window. **(Kentucky will expect all sight windows to be sight mark free. If correction needed: use single color paint or industrial sharpie (no tape) by the regional and state tournaments.)**

3.3.7.2. Camouflage bows may be used, but the face of the sight window must be covered to prevent camouflage lines serving as sight marks. **(use single color paint or industrial sharpie (no tape) starting at bow grip and running at least 6" up the face of the sight window towards the top limb)**

3.3.7.3. Tape or paint used to cover sight marks must remain throughout the competition.

3.3.7.3.1. Archers and coaches should comply with this rule before their flight time.

3.3.7.3.2. If sight marks are discovered the archer or coach will be asked to cover them.

3.3.8. Nothing can be added on the inside or outside of the sight window. The outside and inside of the sight window must be kept free of any raised edges, such as tape, stickers or logos. (this includes the NWTF sticker)

3.3.9. The bow must be free of draw stops or stabilizers

3.3.10. The bowstring and cables may be 'after-market' but of the same approximate length.

3.3.11. The standard cable guard, slide (black only), wheel, cam, bearings, riser, and limbs must be original and unmodified. Axle to axle length as specified in 3.3.4 must be met. **(Kentucky will be measuring at random)**

3.3.12. A bow may have the Morrell Manufacturing poundage gauge mounted on the riser. For determining turns of limb bolts for poundage settings.

3.3.13. A bow may be personalized by painting, stickers, et cetera, but without sight-marks. (no stickers on sides or face of riser)

3.3.13.1. Temporarily attaching carabineers or other devices to the bow during any flight is prohibited.

3.3.14. The arrow rest must be the standard NASP® flipper rest that comes on the Genesis bow. The rest arm that is missing the sleeve or bent is acceptable. The sleeve may be original, absent, or replaced with heat shrink tubing similar to the original rest arm sleeve. (arrow rests may contain a bend but may not be shortened)

3.3.15. The bow's draw weight must remain unchanged throughout the flight after the 1st scored arrow is shot at 10 meters.

3.3.16. Except for malfunction, bows must remain downrange of the waiting line once shooting begins.

3.3.17. Except for major malfunction the same bow must be used throughout the competition.

3.3.18. A non-compliant bow will be removed from the competition until it is restored to a compliant condition by the head coach. This must be completed before that archer begins or resumes competition.

3.3.19. Loaner Bows: Archers are expected to bring their own NASP® bows. A few 'loaner' bows will be available in case of equipment failures.

3.3.20. Coaches should be prepared to complete timely repairs if necessary (spare arrow rest, serving material or spare bow). Tournament cannot be delayed for repairs.

3.4. Arrows:

3.4.1. Only the original Easton aluminum 1820 arrows approved for NASP® may be used.

3.4.2. At National, Open and Championship Only - Tournament officials will provide 5 NASP® arrows in each archer's floor quiver.

3.4.2.1. These provided arrows are loaners and remain the property of NASP® after the student's use.

3.4.2.2. Arrows provided may have been shot in prior flights.

3.4.3. If the archer provides personal arrows, they must be official NASP® arrows.

3.4.4. The length of the arrow shaft must be the standard NASP® length.

- 3.4.5. If personal arrows are used, a readily accessible supply of replacements must be on hand. Once the flight begins all arrows will remain forward of the waiting line unless being replaced.
- 3.4.6. Arrow nocks must be the Easton N nocks currently used by Easton in the production of the 1820 aluminum Genesis arrows.
- 3.4.7. Arrow points must be the NASP® standard; glue-in, cone shaped and weighing 60 grains.
- 3.4.8. Arrow vanes must be 3 soft plastic, 2.5-3.0" long and between .4-.6" in height and attached to the shaft or wrap with a straight off set of approximately 1.5 degrees. Vanes may be of any brand or shape but must be within the listed dimensions
- 3.4.8.1. New Archery Products (NAP), the maker of the Genesis bow arrow rest, has developed a replacement vane system for NASP®. This system will be permitted in NASP® schools and tournaments. It meets our dimension specifications outlined in 3.4.8 above. It is called "NASP® SPEEDFLETCH (patents: 7,955,2901 & 6,142,896). This vane system will have the NASP® logo marking the index vane.
- 3.4.9. Personal arrows must have vanes marked for identification.
- 3.4.10. The arrow shaft may be marked, crested, wrapped, or taped above the mid-point (towards the nock) for identification. The crest (NASP-Genesis label) must remain visible and readable.
- 3.4.10.1. An arrow wrap is a small piece of unweighted self-adhesive vinyl that is wrapped around the rear of the arrow to coat the shaft in a very low weight plastic sleeve. The function of an arrow wrap is to provide an excellent surface for vane adherence.
- 3.5. **Accessories:** Very few accessories are allowed in NASP®
- 3.5.1. Archers may wear finger tabs, tape, or gloves to protect draw-hand fingers. This includes "5-finger" gloves like golf and batting gloves. Unmodified golf or batting gloves may also be worn on the bow hand.
- 3.5.2. Finger protection devices similar to the "No Glove" and devices made by other manufactures may be placed on the bowstring, but these must be without locator buttons (also known as kisser buttons) discs or aiming aids.
- 3.5.3. Heat shrink tubing may be placed on the bowstring to reduce finger strain, but the tubing must cover the entire center serving above and below the nock locator(s).
- 3.5.4. Archers may wear arm guards and chest protectors.
- 3.5.5. Archers may wear eye patches, glasses, or tape on glasses.
- 3.5.6. Finger or wrist slings are allowed. Wrist slings may be attached using the bolt that comes with the strap. The bolt must be made of steel or plastic and must only protrude one inch or less beyond the bow's accessory hole (finger slings are only to be put in place once the 1 whistle command to shoot is provided).
- 3.5.7. Mechanical release aids are prohibited.
- 3.5.8. The bow must remain free of any devices designed to dampen vibration.
- 3.5.8.1. This includes not allowing tape to be wrapped around "join" 2 bow limbs.
- 3.5.9. Potential special allowances for physically challenged archers are evaluated on a case-by-case basis. While participation by the challenged archer is important, other competitors must not be negatively impacted. Commonly approved allowances include:
- 3.5.9.1. Wheel chairs are permitted if needed.
- 3.5.9.2. In the case of hearing or visually impaired archers, a coach or parent may provide assistance at the shooting line. A lane official must be alerted before shooting begins.
- 3.5.9.3. Mouth tabs are permitted for archers whose physical challenges make drawing the bowstring impossible.
- 3.5.9.4. Archers who use crutches may shoot from a chair or have coach assistance to stand.
- 3.6. At official discretion, any bow, arrow, or accessory may be subjected to inspection, including dismantling and weighing. Anyone found using disallowed equipment or modifications will forfeit awards and be disqualified. Disqualification may affect their team's rank.
- 3.6.1. Lane officials inspecting equipment will handle the equipment as necessary for inspection. Equipment will be handled with care. Students should be aware of inspection and near their equipment for repair.

4. Competitive Format

NASP® competitions are designed to be extensions of the in-school curriculum. Tournaments emphasize safety, sportsmanship, and indoor application.

4.1. Range Set-Up:

- 4.1.1. Target butts will be placed directly on the floor similar to the height of school butts.
- 4.1.2. Target faces will be placed on the target butts so that the bottom edge is touching the floor or as close to the floor as possible. **(Kentucky will use student targets set on ¾"-1" wooden feet making the target face ¾"-1" off the floor)**
- 4.1.3. Targets faces (paper) will be NASP® 80 cm FITA face with 10 scoring rings.
- 4.1.4. The target line will be approximately 2 yards or meters from the target butts.
- 4.1.5. There will be 10-meter (32' 10") and 15-meter (49' 2") shooting lines.
- 4.1.6. The waiting line will be at least 4-5 yards or meters beyond the 15-meter shooting line.

(Coach's alley will be in place at the State, National, and Open Championship tournaments. School gyms rarely have room needed for a coach's alley)**
 - 4.1.7.1. Only three coaches from each team may be in the coach's alley.
 - 4.1.7.2. We encourage alley coaches to be seated as much as possible to prevent blocking the view of spectators in the audience.
 - 4.1.7.3. Coaches in the alley must wear credentials provided at registration (wrist strap, etc.)
 - 4.1.7.4. For teams, at least one coach must be immediately available and located with his or her team while the team is shooting in case issues must be resolved. Coaches must display positive sportsmanship while in this alley.

A coach can swap archers within the teams assigned lanes)**
 - 4.1.9.4. Solo shooters will be combined where possible to promote integrity. (may combine, if time permits)

4.2. Whistle Signals: NASP® whistle commands will be used to operate the range.

4.3. Arrow Handling and Movement About the Range: NASP® safety rules must be followed.

- 4.3.1. Archers must walk when moving about the range.
- 4.3.2. Archers must have one foot on each side of the shooting line with 'bows on toes' before shooting begins.
- 4.3.3. While shooting, the archer must straddle the shooting line with the non-target foot behind the back edge of the shooting line. NO PART of the shooting line will be covered by the archer's foot. **(Kentucky: the archer must straddle the shooting line with a shoulder-width stance so that their body is centered over the shooting line. At no time may their body be shifted in front of the shooting line.)**
- 4.3.4. The tournament-provided arrow quiver must be placed ON the shooting line in FRONT of the archer.
- 4.3.5. **Shooter and quiver must remain in each archer's half of the assigned lane when on the shooting line. No part of the archers' body or the quiver may cover, or be past, their lane marks.**

4.3.5.1. Crowding across the middle of the lane, or into an adjacent lane, is unsportsmanlike conduct.

4.3.5.2. Crowding is defined as any part of the archer's body or equipment extending past the 30-inch area assigned to the archer

Archers must remain entirely within their half of the lane.

4.3.5.3. The quiver must remain on the shooting line and within 30-inch area assigned to the archer.

4.3.6. While both archers may approach the target when scoring, only one archer may remain at the targets when arrows are pulled. The other archer must be safely behind the target line while arrows are being pulled from the target.

When pulling arrows, only one archer may be forward of the Target Line. All archers must remain standing.

4.3.7. Archers must remain on their feet (standing) and off their knees when pulling arrows.

4.3.8. Arrow points must be covered with one hand and shafts grasped below the vanes with the other hand when walking with arrows.

4.4. Order of Shooting:

4.4.1. The archer must nock, pre-draw, draw and aim in a manner that keeps the arrow pointed safely towards the target throughout the process. (below the top of the backstop curtain, and away from the floor). **(Kentucky: Archer's will nock, pre-draw to the target, and draw the bowstring when the arrow is pointed safely at the target just as taught in the 11-Steps to Archery Success®.)**

4.4.2. Archers will shoot one practice end of 5 arrows and 3 scoring ends of 5 arrows at 10 meters.

4.4.3. Archers will shoot one practice end of 5 arrows and 3 scoring ends of 5 arrows at 15 meters.

4.4.5. Dropped arrows will be left on the floor and replaced by a range official.

4.4.6. An arrow that bounces off the target may be shot again as instructed by range officials. Except for practice ends.

4.4.7. Replacement arrows will only be provided for bounce outs on scoring ends. Practice bounce outs will remain as shot.

4.4.8. An arrow that reaches the target line without hitting the target is considered a shot rather than a dropped or bounced-out arrow and will be scored zero points.

4.4.9. If an archer is unable to safely use the equipment and follow range protocols that archer may be removed from the competition.

4.4.10. If the archer's draw weight and draw length aren't sufficient to perform on par with other archers in the tournament the archer may be removed. Shot arrows that fail to reach or stick in the target butts are symptomatic of insufficient performance.

4.4.11. After shooting the last arrow the archer must immediately leave the shooting line, rack the bow, and return behind the waiting line. This is NASP®-specific range management protocol.

4.4.12. Lost vane, arrow rest damage or failure, brokennock - if any occur during the release of an arrow and that arrow makes it to the target line and doesn't bounce off of the target, it is a shot arrow.

4.5. Coaching:

4.5.1. A team shall have no more than 3 coaches in Coaches Alley during the flight. Individual groups may have 1 coach in Coaches Alley.

4.5.1.1. Any coach in Coaches Alley must have a green coach's wrist band to clearly identifying them as a NASP® coach.

4.5.2. Coaches of special needs archers may be allowed (with prior approval of range officials) to stand with the archer on the shooting line. However, they must do so safely and without distracting the other archers.

4.5.3. Coaches must withhold coaching and communication with their archer while the archer is on the shooting line. Such verbal communication may only take place when the archer is up range of the waiting line. (If a coach needs to speak with an archer, they may do so when the archer returns to the waiting area.)

5. Scoring:

5.1. Only archers and tournament officials will be allowed downrange of the waiting line.

5.2. All arrows should be scored before any arrow or the target's face is touched.

5.2.1. Moving the target face to affect an arrow's score is a violation of 5.2.

5.2.2. Moving or pushing an arrow into the target face to affect an arrow's score violates 5.2.

5.3. Beginning in the center of the target, scoring rings are 10, 9, 8, 7, 6, 5, 4, 3, 2, & 1.

5.3.1. An arrow **shaft** touching a scoring ring line is awarded the higher point value. In the picture below the gold arrow is scored a 10 because the shaft touches the line. The black arrow is a 9 because the shaft does not touch the scoring line, only the hole made by the shaft touches.

The blue shaft is a “9”.
The gold shaft is a “10”.

5.3.2. An arrow outside all scoring rings is awarded '0' points.

5.3.3. If the target face is so shoot up that the scoring ring cannot be determined, even by the lane official, the target face should be changed.

This target face should be changed.

5.3.4. The 'X' ring in the center of the 10 is simply scored as a 10.

5.3.5. An arrow that 'robin-hoods' (sticks in the back of another arrow) receives the value of the arrow in the target.

5.3.6. An arrow that deflects off another arrow and sticks in the target is scored where it sticks.

5.3.7. An arrow that deflects off another arrow and fails to stick in the target is treated as a bounce out.

5.3.8. An arrow that skips off the floor and imbeds in the target is scored where it sticks.

5.3.9. An arrow that skips off the floor and bounces off the target is treated as a bounce out.

5.3.10. An arrow that sticks in the target but falls completely out as shooting continues is treated as a bounce-out and a replacement arrow may be shot

5.4. Each lane should have two archers, one in the **left** half of the lane and the other in the **right** half of the lane.

5.5. Scannable (bubble-type) scorecards will be used. Archers should practice with this type of scorecard before coming to the tournament. [CLICK HERE](#) for a practice scorecard.

5.6. Both archers' scorecards will be on the same score board.

5.6.1. The score board will be placed on the target line. **(Kentucky: Scoreboards will be flat boards with rubber bands. Clipboards (boards with metal clips) are not allowed.)**

5.6.1.1. The score board may be placed anywhere on the target line within the archers' lane.

5.7. Both archers will walk to the target in their lane to record arrow scores.

5.7.1. One or both archers may approach the target face to score arrows.

5.7.2. **OFFICIAL SCORING PROTOCOL:** One archer will CALL and BUBBLE the other archer's arrow.

5.7.2.1. The scorecard has a "Check-Box" to the right of each 5-arrow end.

5.7.2.1.1. The archer should check this box indicating he or she has examined each 5-arrow end to make sure the score has been correctly entered.

5.7.2.1.2. Also check to assure that ALL ARROW VALUES are bubbled.

5.7.3. Then the archers will reverse roles.

5.7.4. If archers cannot agree on an arrow's score, a range official must be asked for the final decision.

5.7.5. Only range officials may have erasers on the range. If the archer needs a score erased, the official will perform the task. The lane official will document such action on the back of the scorecard.

5.7.6. After both archers are satisfied that arrow values have been accurately recorded, scores are considered final.

5.7.7. One archer will move safely behind the Target Line while the other archer pulls his own arrows.

5.7.8. Then the archers will reverse positions, one behind the Target Line while the other pulls her own arrows.

5.7.9. At the conclusion of the flight both archers must sign the scorecard.

5.7.9.1. If an archer fails to sign his or her scorecard, the scorecard will be considered approved and final.

5.7.9.2. The archer represented by the unsigned scorecard will not be disqualified for neglecting to sign.

5.8. Scorecard deficiencies may be found in the scoring room:

- 5.8.1. Scorecard has more than one value on a scoring line. The higher value will be erased.
- 5.8.2. Scorecard has more than one value on a scoring line but there is a blank line among the 5 scoring lines. One of the double values will be moved to the blank line.
- 5.8.3. A scoring line is blank. Except in 5.8.2 above, the blank line will be scored zero.
- 5.9. An archer's score may only be counted for a single team. The score will also be used to determine the archer's individual placement.
- 5.10. Range officials will gather signed scorecards after each flight at the target.
- 5.11. Disqualification may occur if an archer takes the scorecard up-range of the 10-meter shooting line or to the coach or other unofficial person(s).
- 5.12. If an archer observes another recording a false score, a range official **must** be alerted.
- 5.13. Summation of the team's highest 12 individual scores, with at least 4 of both genders, will comprise the team score.
